

Royal Package

Designing and organizing the wedding of your dreams is a full time job. Most brides today simply do not have the time to devote to coordinating the hundreds of details that go into making your dream day come true. This is our most popular package. We do it all. This package includes Full Event Planning.

With our Royal package, you get to make the decisions that mean the most to you while letting us worry about any contracts, payments, set-ups, schedules, details, and unforeseen issues. All you have to worry about is being there on time, looking beautiful, and enjoying your special day. This all-inclusive package is your stress free way to a fabulous wedding. The work we do allows you to spend time with your friends, family, and the love of your life instead of stressing over everything that must be done for the ceremony. Our Royal Package includes the following:

- **Private detail consultation** – *In the initial session, we will take the time to sit down with you and review your “vision” for your dream wedding. Our goal is to capture every little detail you envisioned. We will also discuss invitations, place cards, menus, programs, wedding favors, wedding accessories, Theme Development, your engagement party, the bridal shower, and all the ideas we can provide. We also give Personal assistance with the selection of vendors such as a photographer, florist, printer, caterer, Band, DJ and anyone else you may need to make your wedding unforgettable. **We are always there for extra consultations when needed and for further help until you say “I do”.***
- **Vendor coordination**– *We keep a list of all the vendors, contact information, and we keep track of your budget. At least one week prior to your wedding, we conduct a vendor meeting and contact each of them individually to make sure they understand the details of the event and your “vision” for your wedding. Also, we offer assistance with the creation and management of your wedding budget such as Distributing final payments to vendors and Serving as a liaison among all vendors.*
- **Invitation handling**–*We help with creating your guest list as well as the mailing and receiving of the invitations.*
- **Venue visits** – *We schedule appointments at your ceremony and reception venues to do a “walk through”. We review your venue sites for layout, desired flow, and overall décor. We will use our expertise to guide you with some tips, advice, ideas and items for follow up to ensure that your wedding day looks and feels perfect!*
- **Wedding Day**–*We will handle all the details, such as decoration and vendors, so that you and your future spouse as well as your family and guests can enjoy the day. We can assist with collecting the guest book, unity candles, photos, etc. If we assist in collecting photos not taken by the photographer, we will give them to a family member to hold for you until you come back from your honeymoon.
